SKILLS

- Java; SpringBoot; JavaScript; Node.JS; Express.JS; SQL; S/4-HANA; React.JS; SAP-UI5;
- Cloud CI/CD; Jenkins; Docker; Git; Jira; Agile SDLC;

EXPERIENCE

Developer Associate - [SAP Labs](#)

Aug, 2022 - Present

- Building the Cloud Native SaaS platform for SAP's global **Document and Reporting Compliance microservices** using Node.JS, Express.JS and SAP UI5.
- Led the **end-to-end integration of tax filing solutions for Croatia, Argentina, and Singapore GST** onto the compliance platform, collaborating closely with country product teams, resulting in seamless implementation and compliance for global customers.
- Simplified the **GSTR filing and financial analytics** to ensure compliance for Indian enterprises at scale using Java, SpringBoot and SAP Analytics Cloud.
- Tech Stack: Java, SpringBoot, JavaScript, Node.JS, SAP Analytics Cloud, S/4-HANA, SAPUI5, Agile SDLC.

Associate Software Engineer - [HighRadius](#)

June, 2021 - July, 2022

- Implemented **Admin modules** across products to reduce the time and manual effort for Consultation and Infrastructure processes and **increased the efficiency by 60-70%**.
- **Led a team of 10** developers as a mentor and **Pod Lead in agile setup** with **complete ownership of sprint planning and execution**.
- Tech Stack: Java, Spring MVC, Hibernate, Struts, MySQL, Ext.JS, JavaScript

Software Engineer Intern - [HighRadius](#)

April, 2020 - June, 2021

- **Enhanced the efficiency by 40-50%** for the client-onboarding processes and reduced support ticket volume by **enabling self-servicing features for customers**.
- **Built a data-driven and AI-enabled FinTech B2B Cloud Application** with an integrated ML model, Chatbot, and interactive analytics for invoice management and prediction of Receivables payment dates.
- Tech Stack: Java, JavaScript, React.JS, Python, HighCharts, Dialogflow, MySQL

PROJECTS

M-E-T-A ([github repository](#))

- Designed and developed a novel project management and performance tracking application, aimed at enhancing the efficiency of the project life-cycle and building high-performance teams.
- Achieved recognition as the **winner of the 10th Project Innovation Contest** at ICDCIT 2021, highlighting the application's excellence in addressing project management challenges.
- Tech stack: Node.JS, MongoDB, express.JS, mongoose, passport.JS, Bootstrap 4, Heroku

ACADEMICS

Degree	Institute	Year	Marks / CGPA
M.Tech (Software Engineering)	BITS Pilani	2023-2025	8.05 /10
B.Tech (Computer Science)	KIIT University, Bhubaneswar	2017-2021	9.04 /10
XII (CBSE)	Kendriya Vidyalaya, Danapur Cantt	2016	90.40 %
X (CBSE)	Kendriya Vidyalaya, Danapur Cantt	2014	9.8 /10
